

BAYGROVE

RESIDENCES

PHASE 3

DUBAI ISLANDS

NAKHEEL

An aerial architectural rendering of the Baygrove Residences development. The image shows a large, crescent-shaped artificial island in the middle of a body of water. The island is densely packed with modern, multi-story residential buildings, interspersed with lush greenery, trees, and winding pedestrian paths. A prominent white, curved architectural structure, possibly a bridge or a landmark building, is visible on the left side of the island. The water surrounding the island is a deep blue-grey, with some smaller islands and landmasses visible in the distance. The overall scene is illuminated by a warm, golden light, suggesting a sunset or sunrise.
