THE HIGHGROVE

PROJECT BRIEF

THE HIGHGROVE

A Verdant Expression of *Waterfront Living*

Set against the backdrop of a picturesque lagoon in Mohammed Bin Rashid City, The Highgrove creates a modern link between the Ras Al Khor Wildlife Sanctuary and the dynamic Downtown Dubai skyline, blending elevated contemporary architecture with biophilic design.

Embracing *Urban* Living

The Highgrove offers breathtaking views of the community lagoon and its natural surroundings from its one, two, and three-bedroom apartments.

Redefining horizons with
lagoon-inspired living

Community Amenities

Architectural Concept

1

Mass Orientation

Minimize direct visual connections between units, maximize the full lagoon view, and create a striking contrast with the surrounding environment

2

Volume Sculpting

By merging the urban fabric with box forms, indoor and outdoor spaces are seamlessly created

3

Indoor/Outdoor Bio Spaces

Create unforgettable experiences through seamlessly designed indoor and outdoor spaces

4

Biophilic Integration

Lush greenery, natural spaces, and abundant light are seamlessly integrated into the design
