

KONNICHIIWA

ZENITH

Founded in 2006, Zenith rapidly rose to prominence as a premier construction, development, and property management enterprise boasting 12 subsidiaries. Our extensive portfolio encompasses top-tier design, construction, and development, characterized by superior quality. At Zenith, we pride ourselves on offering an all-in-one property solution, leveraging our diverse in-house development services. This approach ensures streamlined project delivery, optimizing both time and cost efficiency. Moreover, it grants us a strategic advantage in the competitive GCC market.

Unlimited license for construction  
Platinum grade in DEWA

Holding several subsidiary companies in  
design & build with 500 employees

Japan Expo 2025

مؤسسة محمد بن راشد للإسكان  
Mohammed Bin Rashid Housing Est.

## OUR IN-HOUSE ACTIVITIES

We take pride in offering a range of services through our own employees, facilities, and equipment, all under Zenith Licenses. These services include:

- ✓ Real estate development of vacation homes
- ✓ Architecture and interior
- ✓ Full in-house construction activities
- ✓ Art, and hand craft design services
- ✓ Customized Zenith decorative products
- ✓ Home automation & smart system by Zenith
- ✓ Property management & shortterm lease vacation home services

REACH THE SUMMIT OF YOUR GOAL  
WITH SUZUKI INTERIOR

## **COLLABORATION WITH SUZUKI INTERIOR DESIGN**

Zenith and Suzuki have recently formed a partnership to collaborate on the interior design of houses. This unique cooperation brings together Zenith's expertise in luxury craftsmanship and Suzuki's experience in innovative design. Together, they aim to revolutionize the way homes are designed and create exceptional living spaces. By combining Zenith's attention to details and Suzuki's creative vision, they plan to offer homeowners unparalleled interior design solutions. This partnership seeks to integrate elements of precision and elegance from Zenith into the interior spaces, while incorporating Suzuki's sleek and modern design aesthetics.

## KONNICHIIWA IS A GREEN BUILDING THAT UTILIZES ENERGY CYCLING AND GROWTH -ORIENTED ARCHITECTURE FOR THE PURPOSE OF PRESERVING AND SUPPORTING THE ENVIRONMENT

### - Double Glazed Windows

Double-glazed windows provide enhanced insulation by preventing the penetration of cold, heat, and sound which, resulting an improved energy efficiency and a quieter, more comfortable living environment.

### - Gray Water

Gray water is utilized for watering the plants contributing to water conservation and sustainability.

### - Silent Pipes

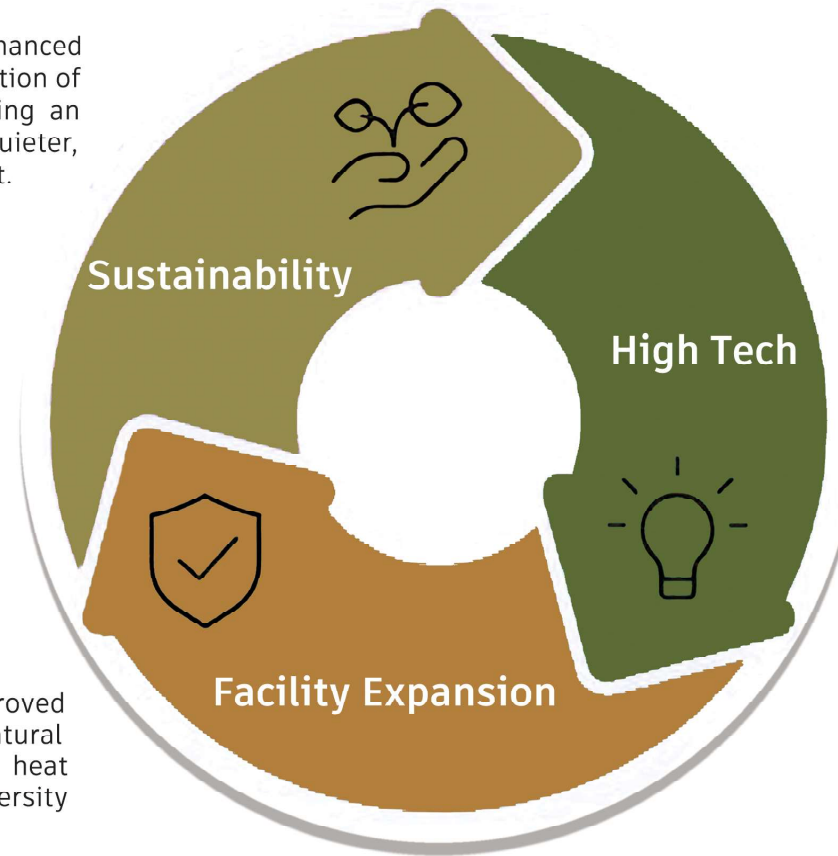

Using silent or insulated pipes in a tower reduces the noise caused by water flow in the pipes.

### - Roof Garden

Green roofs offer benefits like improved energy efficiency by providing natural insulation and reducing the urban heat island effect while enhancing biodiversity and aesthetics in urban areas.

### - LED Lighting

Energy-efficient lighting options to reduce electricity consumption.

### - Hospitality

### - Garbage Disposal

### - Double-Decker Park Car

### - Water Pressure Regulators

### - Appliance with an A+ energy rating

### - VRF System

The VRF systems prevent energy wastage through precise control over cooling and heating, leading to cost reduction and aiding in carbon emission reduction.

### - Solar Panels

The use of solar panels in towers has significant impacts that are associated with the environment, economy, and energy sustainability. We use solar energy for illuminating the facade and outdoor areas of the tower, as well as for water heating.

### - Air-To-Water Technology

Atmospheric water generation enhances self-reliance, tapping into air moisture for water needs. This eco-friendly method bolsters water security and aligns with green construction principles.

### - Door Lock

### - Blind Control

### - Sound System

### - Lighting Control

### - Smart Thermostat

### - Home Automation

### - Security Services (Optional)
