

COMPANY PROFILE

ABOUT US

Lacasa Living is a boutique developer, leveraging the design and engineering prowess of LACASA Architects & Engineering Consultants. With the collective vision and experience of over 400 professionals, we take a deeply personal and intentional approach to every project.

We are devoted to creating thoughtful spaces and vibrant communities that reflect both character and refined design. Our passion lies in crafting environments that feel effortless yet extraordinary—spaces where timeless aesthetics meet a profound understanding of quality, functionality, and the way people truly live.

Every Lacasa Living project is a testament to superior craftsmanship and contextual harmony, designed to complement and elevate its natural surroundings.

We approach every project with a holistic mindset, rethinking traditional solutions and creating spaces that meet the unique demands of today. Each element is intentional; each decision serves a purpose – to inspire connection, belonging, and beauty.

LEADERSHIP

CRAFTING SPACES WITH INTENTION AND IMPACT.

Our leadership team brings decades of expertise across architecture, engineering, construction, and real estate development.

Backed by a legacy of extraordinary, high-end projects, they channel their experience to ensure that every project is truly in a class of its own.

LEADERSHIP

With over 37 years of industry experience, Emad Jaber is a seasoned leader in the architecture and construction sectors. As a Civil Engineer, his expertise spans structural design, MEP, and construction supervision. Emad's deep understanding of the commercial side of architecture ensures that every Lacasa Living project is not only technically sound but also commercially efficient, sustainable, and of the highest quality.

Emad's expertise spans structural design, MEP, and construction supervision, with a deep understanding of both the technical and commercial aspects of architecture. His leadership has driven LACASA to design over 500 projects across the Middle East and Africa, including landmark developments such as Dubai Internet City, Jumeirah Beach Residence, and the Executive Towers.

Emad is recognized for his ability to seamlessly integrate innovative design with practical commercial solutions, ensuring that each project is not only technically sound but also commercially efficient and sustainable. His outstanding contributions to the industry have earned him recognition as one of the most influential figures in regional architecture, including being shortlisted for Principal of the Year at the Middle East Architect Awards.

Eng. Emad Jaber
CHAIRMAN

“

At Lacasa Living, every project is an opportunity to shape not just the landscape, but the way people experience life. Rooted in intentional design and a dedication to human experiences, we build not just for the evolving times, but for a future where each development becomes a signature we leave behind.

LEADERSHIP

With over 27 years of experience, Nabil Al Khaja brings a wealth of expertise in both architecture and engineering. Having led many prestigious projects in Dubai, including JBR, Dubai Marina, and Wasl District, Nabil is a visionary leader driving Lacasa Living's strategic direction.

His commitment to excellence, coupled with his innovative approach, will shape the company's legacy and set the standard for world-class design and engineering.

Eng. Nabil Al Khaja
PARTNER

LEADERSHIP

Ali El Orfaly brings over 40 years of experience in the construction industry, specializing in contracting, building construction, and marine engineering. With a Master's degree in Civil Engineering from Germany, Ali has led major projects across the UAE, including overseeing developments worth over 20 billion dirhams.

Previously serving as General Manager at one of Dubai's top construction companies, he now applies his extensive expertise to ensure Lacasa Living's projects meet the highest standards of quality and efficiency.

Eng. Ali El Orfaly
PARTNER

LEADERSHIP

Dilip Kumar has over 30 years of experience in the UAE's architectural and engineering consultancy sectors. Specializing in design management, he leads Lacasa Living's design team, overseeing all stages from concept development to execution.

His exceptional problem-solving skills and dedication to quality have been key in delivering numerous large-scale projects. Dilip ensures that each project meets the highest standards of efficiency and sustainability.

VISION

To be renowned for artistic design and purposeful living through bespoke developments that transcend time and enhance human experiences.

MISSION

To be creative, original and people-centric in crafting bespoke timeless projects. We achieve this through delivering innovative design, exceptional craftsmanship, and thoughtful execution, ensuring every space is both functional and meaningful.

CORE VALUES

COMMUNITY

Our approach is people-centric, considering every detail from the perspectives of individual residents to the broader community. Every element—location, interiors, or amenities—is designed to enrich and enhance livability.

CREATIVITY

Design, artistry, and creativity are in our DNA. We embrace originality and character in every project. Our designs reflect unique identities, ensuring each project stands out with innovative solutions that inspire and transform.

CRAFT

Quality and intention is at the heart of everything we do. From materials to execution, we focus on superior craftsmanship, ensuring each detail meets the highest standards, creating lasting value and timeless spaces.

OUR PHILOSOPHY

THE COMPLETE LIVING APPROACH

We see every space as a complete experience, ready to support the lives of those who occupy it. By ensuring every detail is thoughtfully considered and executed, we create homes that are as complete as the life within them.

HOW DO WE DO THIS?

EVERY DETAIL
INTENTIONAL,
EVERY SPACE
MEANINGFUL

01 STRATEGIC
LOCATION SELECTION

We begin with a meticulous selection process, prioritizing locations that offer strong community potential, future growth, and exceptional living experiences. The area is always the first consideration, ensuring it aligns with our vision for high-end, boutique developments that resonate with the lifestyle and values of our residents.

02 INTENTIONAL DESIGN PROCESS

Our design process is built around adding maximum value to the end-user. Each development is shaped by thoughtful planning and creative solutions to optimize both function and beauty:

OVERALL AREA PLANNING

We ensure the development integrates seamlessly with its surroundings, respecting the environment and enhancing the community.

MAXIMIZING VIEWS

We carefully position buildings to capture and frame the best natural vistas, providing residents with inspiring views.

STUDY OF USEFUL AMENITIES

Every amenity is chosen to serve the residents' needs, from essential features to thoughtful additions that enhance daily life.

EFFICIENT INTERIOR LAYOUTS

We design interiors to maximize space, flow, and livability while maintaining the highest aesthetic standards.

INNOVATION IN DESIGN

Our approach is forward-thinking, always innovating to create environments that are both timeless and contemporary.

03 ON-TIME DELIVERY

Every project is completed on schedule, with no delays, ensuring that residents can move in seamlessly as planned without any waiting or unfinished work.

04 COMPREHENSIVE COMPLETION

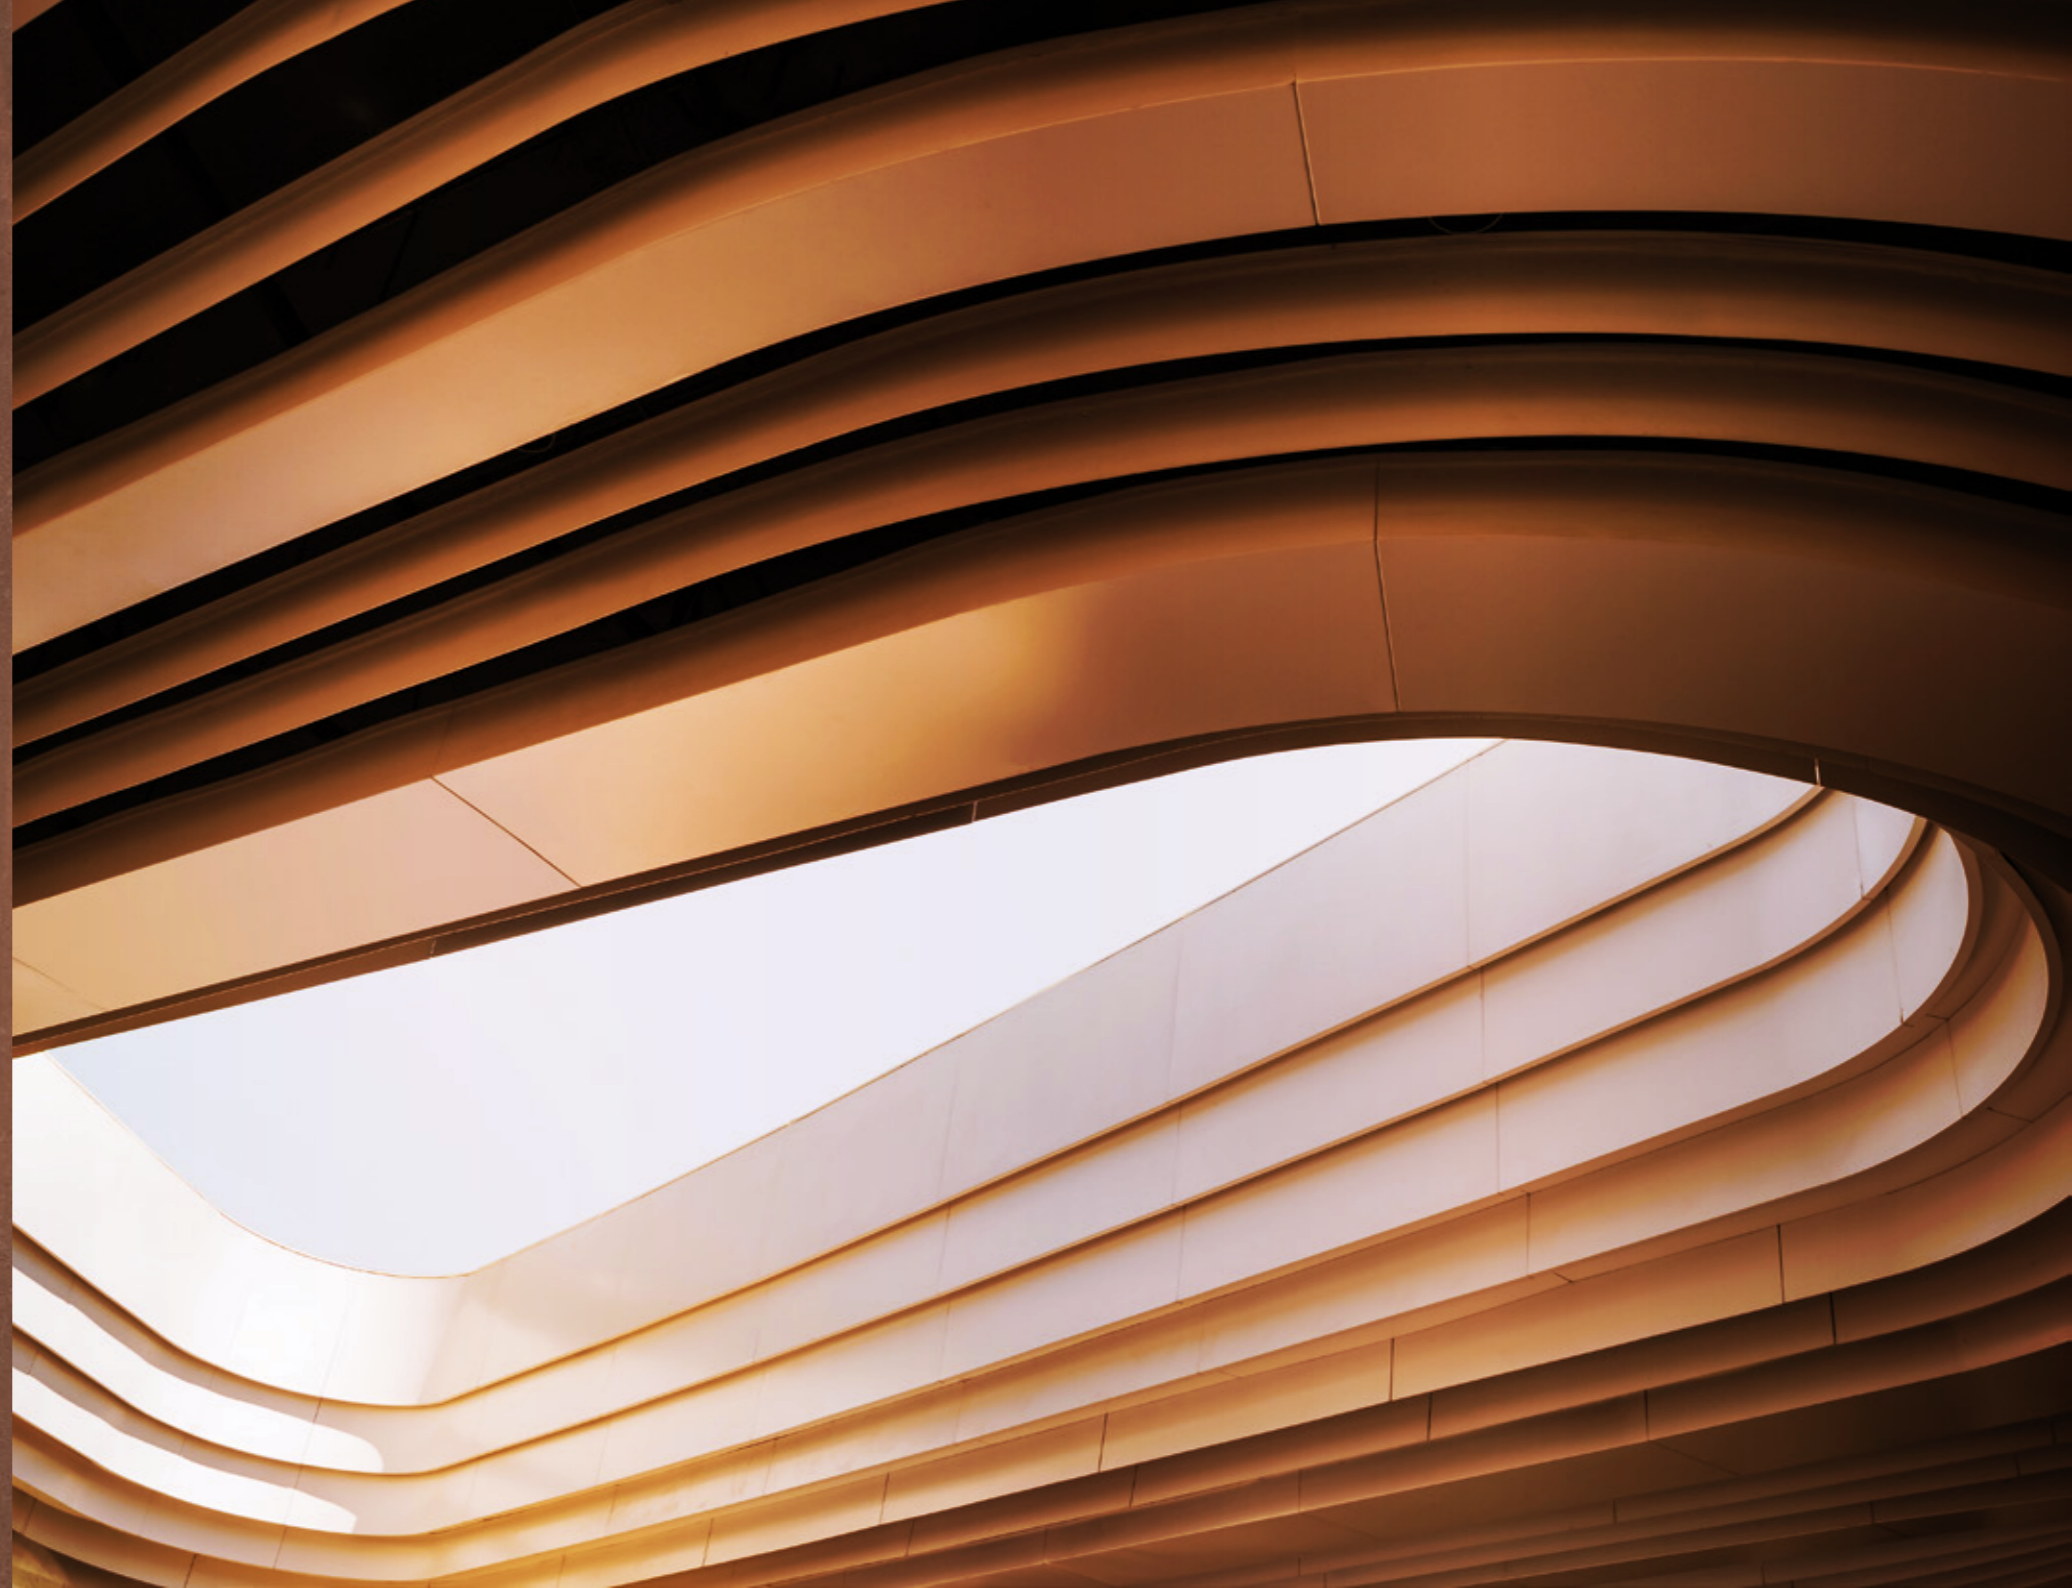

Every detail, from construction to finishing touches, is fully completed before handover. Properties are designed, built, and ready for use, with all systems operational and aesthetics finished.

05 HIGH-QUALITY MAINTENANCE

We ensure each space is built with long-term reliability in mind, using the best materials and providing maintenance-ready systems so residents enjoy minimal upkeep and lasting comfort.

06 PROVISION FOR ADD-ON SERVICES

We design with future flexibility in mind, offering the ability for residents to easily add customized services or upgrades to enhance their living experience without disruption.

DESIGN
WITH
INTENT

OUR PROCESS

At Lacasa Living, we focus on creating spaces that matter. Whether developing from the ground up, managing a project, or partnering on a joint venture, our approach is always intentional and client-focused.

END-TO-END

We take care of everything—from land acquisition to design and completion, delivering spaces that are ready to live in and built to last.

DEVELOPMENT MANAGEMENT

We manage the entire development process on behalf of clients, ensuring smooth execution and a final product that meets the highest standards.

JOINT VENTURES (JV)

We collaborate with partners to pool resources and expertise, creating standout developments that achieve shared success and long-term value.

DEVELOPMENT THAT *GOES* BEYOND THE *BLUEPRINT*

At Lacasa Living, we specialize in two exceptional product categories, each crafted with purpose, precision, and a focus on creating unparalleled living experiences.

BESPOKE RESIDENTIAL DEVELOPMENTS

Our residential developments are designed to meet the unique needs of each community we create. These projects combine exceptional craftsmanship with thoughtful, purpose-driven design, that provide a unique living experience and a valuable investment opportunity.

SIGNATURE COLLECTION

Our Signature Collection offers luxury custom mansions and villas designed for private clients. These residences are meticulously crafted to reflect the unique identities and aspirations of their owners, offering an unparalleled level of customization and attention to detail.
